- Palliative Care:: Reiki for Staff in Hospice in Raheny. Dublin
- Cancer Care: Irish Reiki Practitioner worked with Cancer Care in a Hospital in Sweden with a client.

Complementary Nurse is working in Palliative Care using a number of different therapies, Reiki included. We are community based which covers any location our patients are..... home, nursing home and hospital. Our team is multidisciplinary made up of a consultant, doctors, clinical nurse specialists, physiotherapist, occupational therapist, social workers, dietician and nurse in complementary therapy.

Reiki is also used in St. Francis' Hospice Raheny, but not in Harold's Cross Hospice on an official basis. Reiki Practitioners have given Reiki to friends in Harold's Cross Hospice.

Reiki Practitioner when living in the UK offered Reiki to patients at a Marie Curie Hospice. Here, she gave Reiki to two male cancer patients so far, and later she would hope to be able to offer it in Hospices or in Cancer Support Groups.

Cancer Care: Four Reiki Therapists. Work in Cancer Support Centre, Limerick

Quite a few of clients have been cancer patients and have found REIKI helped them to relax, feel calm and sleep better.

In Germany, an Irish Reiki Practitioner has used Reiki with the St. Elisabeth Hospice in Marburg while she was working there as a volunteer.
